1. SAHS Track Discussion:

A discussion on the possible steps to address the needed track repairs was held. New Balance has expressed its continued support of this project and is willing to help in any way they can. The Administration will look into the possibility of bonding the project and will bring more information back to the next committee meeting.

2. Summer Projects:

Review the list of requested summer projects. The list was reviewed with no final recommendations from the committee until we have a better sense of end of year financial status.

The Superintendent reported that he felt that the majority of the projects could be funded totally for some \$110,000.

3. KVCAP storage shed:

KVCAP at Mill Stream is requesting permission to place a shed by the playground for equipment storage. They will cover any cost associated with this.

Recommendation: That KVCAP be allowed to place storage shed at Mill Stream Elementary School for equipment storage.

4. Heating Oil:

C.N. Brown offers commercial account employee Price Protection. The committee supports sending the letter from C.N. Brown to district employees with a disclaimer added stating the school district has no involvement in this offer.

5. Permission to accept donations:

Mill Stream: \$1,400 anonymous donation for the Somerset Promise Essay

SAMS: \$153 for the Hannaford Helps School Program
\$100 participation with Partnerships for Health

Canaan: \$2,900 anonymous donation to redo the front gardens
Donations for the Canaan Elementary Food Cupboard:
Dr. Amir Saeed & Kassy Baig \$500
Linda Cote \$25
Emily & Nathaniel Newell \$40

Recommendation: That the School Board approve acceptance of the above listed donations.
